

To Whom It May Concern

This is a letter to inform you how AIR1 radio has affected my life and the desire for LPFM broadcaster to NOT to replace it. I live in a smaller town in Southern California, my husband and I decided to move here in order to be closer to our families, I am originally from Las Vegas, Nevada, and as you can imagine being a Christian in Las Vegas was extremely hared. AIR1 radio has always been a foundation for my belief, it allows me to clam down with its music choice when I am traveling to work, I am a RN that works in ICU, stress is my middle name.

I have many friends that have accepted Christ recently and AIR1 allows for them and myself to hear positive alternative music, if LPFM broadcasting replaces AIR1, we will have no alternative station to listen to other then worldly music.

This world is corrupt enough, the public needs something positive in their lives and I believe AIR1 radio is there for that purpose. I ask again that LPFM broadcasting not be allowed to replace AIR1. I believe it would be a great injustice to public interest if so done.

Thank you for the opportunity to express my opinion
